**Subject:** [Astro-faculty-all] Registration of Student International Travel & Supplemental Health Insurance

Good Morning Graduate Student,

I would like to make you aware of a policy and process you are responsible for completing for all international travel. All Ohio State students traveling abroad for academic or co-curricular purposes are required to register their travel, which includes enrollment in the university's supplemental international health insurance. This process should be done at least 3 weeks in advance. You can register your travel by going to the following page: [http://educationabroad.osu.edu/index.cfm?FuseAction=Abroad.ViewLink&Parent\\_ID=0&Link\\_ID=28AD0E55-5056-BA1F-713F06F2367ADFE5](http://educationabroad.osu.edu/index.cfm?FuseAction=Abroad.ViewLink&Parent_ID=0&Link_ID=28AD0E55-5056-BA1F-713F06F2367ADFE5)

I will also have the link added to our website with the travel forms.

The following link has more information about the requirement: <https://oia.osu.edu/health-and-safety/traveler-insurance/applying-online.html>

Please attach a copy of the email confirming your registration has been received to your travel request.

Thank you!

**Kristy L. Krehnovi** Assistant to the Chair
